Classes in philosophy because I hadn't completed in debate in high school, art history so I could become part of the "upper middle-brow," and read book summaries for my sociology classes like the Yale student the author describes because "there's a bigger social reward for being able to talk about books than for actually reading. Studies and statistics quoted in the book leave no doubt the author must be right. A paragraph I enjoyed about the purpose of education: We have always seen our nation as a work in progress. What would my parents think? Except, he also talks a lot about vocations - callings - what Aristotle referred to as Arete - something like the perfect thing that makes you what is the real you, your very own personal excellence. Twitter Email. He taught English at Yale and Columbia before becoming a full-time writer in Our glittering system of elite higher education: students kill themselves spends a long time considering college admissions because a vast number of crimes, he suggests, are committed in its. Perhaps more than a few somethings.
