The discussion here is very brief, but sources are given in footnotes to support

Modeled on Don Quixote the comic writings of Hugh Henry Brackenridge and the gothic sensibilities of Charles Brockden Brown also won a degree of popular and critical laurels, the latter presaging the dark strains of Poe and Hawthorne. Whereas it seems quite unlikely that the Old Testament has so little to say about a topic of such clear importance, it becomes even more unlikely if we take into consideration the fact that apologetics is not only one individual theme but a broader field including further aspects of faith. On the one hand it is intended to fill a gap, on the other hand to initiate a discussion about the significance of a biblical-theological investigation of the Old Testament for the establishment of Christian apologetics.
