Then designing a hanging garden is a great option. This book has some really good photos of lawn alternatives as well as information about plants that require little water or care. LikeLawnGone! Follow 3 easy steps to enjoy The plants take all the nutrients they need straight from the water. It has the Attractive Alternatives for Your Yard to transform residential landscapes from coast to coast and change the world we all share. Some of them are doable by the novice or reluctant gardener, and the book does specify areas of the country and conditions suitable for various suggestions.
